INTERESTING OIL NOTES

On the Davis Wolfenbarger lease the Co-operating Land and Development Company is due in with its Number 2 West Gabbard tract, is drilling.

The Bourbon Oil and Development Company is due in with its number 3, William Rader, on Ross Creek proper. Its Number 2 was put on the pump and pumped about 6 barrels the first hour. The same company's Numbers 4 and 5, Millie Freeman, are drilling.

On the eleven fields reviewed by the Oil City Derrick, Kentucky ranked fourth in point of new production during April. The total new production for Kentucky was 12,330 barrels, Gulf Coast 21,105, Oklahoma 27,042 and North Texas 46,390. Oklahoma led in completions, with 459; Pennsylvania was second, with 392; Kansas was third, with 332, and Kentucky was fourth, with 307. Kentucky was sixth with dry holes, having but 29, while Oklahoma had 180. Kentucky ranked third in number of wells drilling, having 239, as compared with 1,077 in Oklahoma and 1,414 in North Texas.

COL. DENHARDT'S FRIENDS SAY HE WON'T QUIT.

Selden Glenn, Secretary of the Democratic State Central Committee, denied he was sponsor for the report that Col. H. H. Denhardt would soon withdraw from the race for the Democratic nomination for Governor. He said he was called over the telephone by a reporter who said he had a "hot tip" that Denhardt would withdraw.

Glenn said he told the reporter he had heard the report, but did not believe it.

Denhardt's friends deny he will withdraw.

Daniel E. O'Sullivan, Denhardt's campaign manager, says the report about the withdrawal is false.

COUNCIL AND MAYOR VISIT LOUISVILLE ON INSPECTION

Mayor E. B. Janney and the members of the Board of Council of the city of Paris, with the exception of Councilman John Merringer, paid a visit of inspection Sunday to the city of Louisville, making the trip in autos. While there they were guests of the city authorities and were shown the workings of the different departments. The main object of the trip was to ascertain facts and figures regarding the street system of Louisville, especially the streets that had been paved with brick. They also secured much valuable information concerning other civic improvements that may be applied to the city of Paris. They were guests of Mayor Smith and other officials at dinner at the Seelbach Hotel, in Louisville, and had a good all-round time, according to information received here.

In connection with the visit it is told on one of the Councilmen, who made the trip in his own machine, taking his family with him, that he had a hard time on the streets of Louisville avoiding street cars, his machine becoming involved in an argument with one of the street cars, and had a hard time getting out of the way. Further along the machine struck several other conveyances, and was having the time of its life in its wild career, when the Seelbach Hotel was reached, where the car was placed in a haven of rest. But lo and behold, the city police patrol came along shortly afterward and placed the machine under arrest for violating a city ordinance regarding parking cars at that particular point. When the owner's identity was established and it became known that he was one of the most prominent members of the Paris Council, the machine was released from storage and restored to the owner, who promised to make it behave on the return trip, which was safely accomplished.

APPEAL TO FOSTER PARENTS OF FRENCH WAR ORPHANS.

Last year one hundred and fifty-seven generous Bourbon county people contributed to the support of French children who had been orphaned by the war. The time has arrived for them to renew their yearly subscription. The amount necessary to be paid annually is \$32.50. Those who desire to continue their contributions to this worthy cause are asked to communicate at once with Mrs. A. B. Hancock, of Paris.

PARDON SEEKER'S CONVERSATION IN ALEXANDER'S CELL RECORDED.

All Paris people are wondering over the following special sent from Paris to the Louisville Courier-Journal, regarding efforts to secure a pardon for George Alexander, serving sentence for wrecking the Geo. Alexander & Co. bank in this city. That is, they are wondering as to the identity of the woman.

"According to a rumor in circulation here, friends of George Alexander, convicted banker of Paris, will make an effort in the near future to obtain a pardon for him from Gov. Black."

"During Gov. Stanley's incumbency of the office, numerous attempts were made by friends of Alexander, but their persistence finally brought forth a card from the Governor, declaring that under no circumstances would he issue a pardon to Mr. Alexander.

"In connection with this story comes from Frankfort, which is true, throws some light upon Gov. Stanley's reasons for refusing the pardon.

"As the story is told here, a society woman of Lexington undertook the task of inducing the Governor to grant the pardon, and with that end in view made several trips to Frankfort.

"On each of these trips, it is said, she called on Mr. Alexander and in her conversations with him boasted of the ease with which she would 'make the old foggy' come across with the pardon."

"Her conversations with Mr. Alexander, it is said, reached the ears of Gov. Stanley, and one day he called her over the phone at Lexington and asked her to call at the Executive mansion the next time she was in Frankfort.

"Thinking she had gained her point, she made a trip to the capitol city the next day and called at the prison in the forenoon to see Alexander.

"As she was leaving his cell, preparatory to calling on the Governor, she is said to have remarked:

"I will have to go to the hotel and paint and powder a little before I call on 'old foggy.'"

"When she was ushered into the presence of the Governor that afternoon the latter surprised her by saying:

"Mrs. ——, it was entirely unnecessary for you to paint and powder before coming to see me, as your natural charms are sufficiently alluring without the aid of camouflage," and further added: "Before I give you my decision upon your invitation for a pardon for Alexander I want you to hear my secretary read a few notes which I know will prove most interesting to you."

"Calling in his secretary, he had to read some stenographic notes which proved to be word for word duplicate of the conversation between his visitor and Alexander at the prison, which was anything but complimentary on the part of the woman toward the Governor.

"A dictograph had been installed in Alexander's cell."

HISTORICAL DRIVE.

June is historical month in Kentucky. Every county in the State is now engaged in making a permanent record of the part it played in the World War.

The records of the soldiers are being made on war record sheets. The records of the civilians are being made in the form of reports of the work done by the County Council of Defense, Red Cross Chapters, Liberty Loan Campaign Committees, Women's Clubs and other organizations which took a part in winning the war.

When these records are completed they will be bound in permanent form and placed in the archives of the county.

The Kentucky Council of Defense inaugurated this work in September, 1918, by appointing State and County Historians. These historians are engaged in the laborious task of compiling complete lists of the men who have lost their lives, those who have been wounded and those who have won special honors. They are also making a complete roster of all men in the service. A special effort is being made to get a complete list of the volunteers, and those who have been for a long time in the regular army. The historian for this county is Mrs. Fanniebelle Sutherland, Paris, and she needs your help.

Every person who has a relative in the service should make it a personal duty to see that a War Record blank is filled for such person and handed to the County Historian. These blanks may be obtained from Mrs. Sutherland.

HOUSEFLY MENACE.

The United States Public Health Service has just issued an illustrated poster calling attention in a striking manner to the dangers of the common house fly and explaining the best methods of destroying them.

In the center of the poster there is a vivid picture of a fly, showing clearly the thousands of little hairs on its body and wings and legs, which serve to readily collect and carry the disease-breeding filth which makes this insect so dangerous to humanity. Smaller pictures show large numbers of flies swarming in and about outhouses, garbage pails, cupboards, etc., and flying thence to the bed of a sleeping infant where they drag their nasty feet over its sweet innocent face, befool the nipple of its nursing bottle, and then go from the child to the dining room, where the food and dishes are contaminated with filth and disease germs.

ENROLLMENT WILL BE BIG.

New life has been put into the Boys' and Girls' Club work in Kentucky by the co-operation of banks in all parts of the State. During 1918 banks loaned club members \$75,000 for the purchase of purebred stock. Club leaders at the headquarters of the Extension Division of the College of Agriculture at Lexington, are now confident that 1919 will show more money loaned and a larger enrollment in club work.

DISTRICT CONFERENCES

A series of district conferences will be held during May and the first week of June in all of the Y. M. C. A. districts of the State. Plans for the work of each district will be discussed. Delegates from all counties in each district will be present. Following is the schedule of dates: Lebanon, May 5; Pineville, May 6; Louisville, May 12; Bowling Green, May 14; Lexington, May 20; Paris, May 20; Lexington, (Camp Daniel Boone District), May 21; Paducah, May 23; Jackson, May 27; Covington, May 28; Henderson, May 30; Central Kentucky College, June 2; Hopkinsville, Western Kentucky, (colored), June 6.

BAD WEATHER FOR GARDENS

The city gardens look weak after so little sunshine and it will be some time before anyone has vegetables to eat. No early fruit or berries, but prospects look good for other crops. This has been a most unusual month for rainfall and dark, cool days.

CITY SCHOOL PUPILS PASS SUCCESSFUL EXAMINATION

Out of seventy-five pupils of the Paris City School who took the examination recently at the county pupils examination for entrance to the Paris High School, seventy-two were successful in getting the required high mark entitling them to the coveted honor. Those who successfully passed the ordeal were as follows:

Edna Burnett, Edna Earl Burns, Gayle Brown, Frances Brown, Raymond Bowling, Sallie Joe Bodkin, Dillard Bird, James Brannock, Edna Crouch, Louise Combs, Jos. Cain, Mary Louise Clendenin, Martha Collier, Hamlet Collier, Chas. Christman, Sophia Clifford, Marian Clifford, Mary Cummins, Anna H. Donnell, Catherine Duncan, James Douglas, Nancy Deaver, Lillian Day, Irene Estes, Chas. Gooden, Ruby Hall, Marjorie Howard, Edgar Hill, Constance Hill Houston Jacoby, Dorothy Jacoby, Louise Ingram, Mary F. Kiser, Shelby Lusk, Mary Letton, Russell Mullins, Anna Ware Myers, Yutaki Minakuchi, John Nadin, Geneva Oliver, Anita Overley, Rebecca Purnell, Thelma Payne, Mary E. Petrie, Gierman Price, Louise Potts, Cecil Ryles, Mary B. Roberts, Carley Scott, Thos. Spicer, Edwin Shearer, Ellen Scott, Aaron Stern, Helen Speaks, Frances Steenbergen, Sam Shawhan, Minta Smith, Roy Stipp, Anna L. Sauer, Leslie Smith, Harmon Taylor, Paul Thompson, Ethel Toadwine, Mabel Taylor, Isabel Talbott, Ilga Waggoner, Louise Wright, Kirby Woods, Elizabeth Weathers, Louise Wilmoth, Ruby Taylor.

Thirty-two of the thirty-seven colored students, resident in Bourbon county, who also took the High School entrance test passed a successful examination, and were placed on the roll. They were as follows:

Anna E. Asher, Martha Bishop, Lordena Butler, Hanford Butler, Edna Conway, Mary Darrell, Lottie Dangerfield, Anna Ewing, Cornie Eddy, Martha Gilkey, Della Garner, Essie Harris, Wilson Hay, Lottie Johnson, Joe Johnson, Kittie Jackson, Melvia Jackson, Sam Johnson, Minnie Jones Geraldine January, Elilia Killar, Burnett Kash, Ewing Lawson, Mary Mack, Viola McAfee, Johnetta Mebane, Chas. FORMER PARISIAN SELLS OUT RICHMOND HOTEL BUSINESS

Mr. Alex Mellinger, formerly of Paris, where he was for several years an engineer on the Louisville & Nashville railroad, has sold out his hotel business in Richmond. The Richmond Daily Register says:

"An important business deal in Richmond was consummated when Mr. and Mrs. Alex Mellinger sold out the Richmond Hotel on East Main street to Messrs. L. C. Rowlett and Boyd Sandlin. The new proprietors are both hustling and popular young men and their many friends predict for them a most successful career at this hospitable and lunch stand. Mr. and Mrs. Mellinger's plans are as yet indefinite, but the wide circle of friends they have made here hope that they will continue to make Richmond their home. They have been in charge of the Richmond Hotel for the past eight years and by courteous service and industry are understood to have been remarkably successful in its conduct. They own one of the most attractive homes in town out on West Main street, and it is understood are desirous of remaining in Richmond in the right sort of business proposition can be found."

ESCOBA IN TRAINING.

Kenneth D. Alexander's crack Escoba will shortly be put back in training, as he gives every promise of standing a racing preparation, and his owner has decided to send him to John S. Ward, who will prepare him with a view to campaigning at Saratoga. Escoba has during the winter and up to the present been driven on an average of six miles daily to a cart and as a result is bodily fit. His suspicious leg is also showing soundness. Escoba was bred to about a dozen mares at the John H. Morris farm this spring.

NEWSPAPER ADVERTISING IN WAR AND PEACE!

The Liberty Loan drives, the Red Cross drives, the various war charities were made successful with the aid of newspaper advertising.

Nothing else would have aroused the people so quickly.

No means of communication with the mass of the people would have been so prompt and so low in cost.

To-day newspaper advertising is helping bring the world back to balance.

It is opening the natural channels of commerce, starting the mines and mills and opening jobs for the returning soldiers.

OVERLOOKED ONE.

An exchange in giving a list of Kentucky officers published the name of Gen. Frank Long Winn, native of Winchester, who has rendered splendid service. The paper, through oversight, failed to mention the name of Gen. John C. Winn, also of Clark, who was born and reared in Winchester. He was the first West Point cadet from the old Tenth district, after that district was established and he also has made a brilliant record.

The Millersburg Graded School closed Friday, the children all taking a picnic dinner with them, which was served at noon in the school room. The day was spent in social amusement, and both teachers and students enjoyed a good time.

Mrs. M. M. Jones visited her brother, Mr. Kofendoffer, at the Base Hospital, at Louisville, Wednesday and Thursday. Mr. Kofendoffer has just returned from France, where he sustained a wound, which is not thought to be serious, but may keep him in the hospital for some time.

The farm of the late J. F. Miller, consisting of 151 acres, was sold Friday, at public sale, to Mr. Aris Wiggins for \$321 per acre. This gives Mr. Wiggins a large tract of land all in one body. The personal sale of Mr. Miller was held some weeks ago, out of which \$13,000 was realized.

There are three heirs to the estate, Mrs. L. T. Draine, of Eminence, Mrs. Anna Cummins, of Jackson, and the children of the late W. F. Miller.

The W. C. T. U. Convention of the Seventh District will open here to-night, continuing through Wednesday night. The State officers of the Society will be present, including Col. George W. Bain, of Lexington, the veteran temperance orator, who will address the convention Wednesday evening. Delegates from the Central and Arlington unions of Lexington, and the organizations of Chillicothe, Paris, North Middletown and Little Rock will be present. Delegates will be entertained at Millersburg, but the majority of those from Lexington will leave on an early train Wednesday morning and will return that evening. A suitable county chairman for Bourbon county to organize forces there for the State-wide campaign for the prohibition amendment, will be appointed, and numerous reports and speeches will be heard.

DOLLARS TO HIM

Feels Better Than For Five Years Since He Took Meritone.

"It's a fact that I wouldn't take a thousand dollars for what this one bottle of Meritone has done for me and I'm getting two more bottles," said W. R. Kirkpatrick, of 5,012 Illinois avenue, Nashville, Tenn.

"I think it is my duty to let the people know what this medicine has done for me, for I consider it a lucky day when someone told me about Meritone and advised me to try it.

Nothing Gave Relief

"For five years I was bothered almost constantly with a soreness in my stomach and I had severe pains, similar to rheumatic pains, that would run up and down my leg.

"I think I had tried every other medicine on the market and did everything I could, but nothing gave me relief. Why, I've taken so many different medicines that out home I've got a basket filled with the bottles. But nothing helped me.

"Since taking Meritone I feel better than I have for five years and Meritone has done me more good than all the other medicines put together."

Mr. Kirkpatrick is one of the thousands of people who have been benefitted by Meritone. It is highly recommended for ailing conditions of the stomach, liver, kidneys or for catarrh, rheumatism, sleeplessness or lack of appetite.

Meritone is sold exclusively in Paris by G. S. Varden & Son. (adv)

SEVENTEEN-YEAR-LOCUSTS PUT IN APPEARANCE.

Reports to the Department of Agriculture at Washington show that the seventeen-year locust has put in his appearance in nearly every State east of the Mississippi River.

Despite the fact that this threatens to be perhaps the biggest locust year since 1868, department entomologists are not alarmed, but they are worried about the army worm.

RESOLUTION

No. 1

Designating portions of Pleasant Street, Main Street from Tenth to Fourteenth Street, Tenth Street, Fifth Street, Sixth Street, Fourth Street, Second Street, Seventh Street, Eighth Street and Twelfth Street, to be improved by the original construction of the roadway, and by the construction of curbing and guttering on both sides thereof at the cost of the abutting property owners and the City of Paris, Kentucky, and setting out in general terms the character and extent of the proposed improvement, and declaring such improvement of each of said streets to be a necessity, and to be payable on the Ten Year Payment Plan.

BE IT RESOLVED by the Board of Council of the City of Paris, Kentucky, as follows:

Section 1. The following streets and portions thereof are hereby designated and proposed to be improved by the original construction of the roadway with vitrified brick, asphalt, bitulithic, wood blocks, rock asphalt, concrete paving, or other type of paved streets, and by the construction of curb and gutter on both sides thereof, except where the same is already constructed, in conformity with the specifications for the proposed work, and such improvement of each of said streets, and portions thereof, is hereby declared to be a necessity. The cost of curb and gutters to be at the exclusive costs of the abutting property owners.

OPPOSITION DEVELOPS TO PROPOSED CONSOLIDATED SCHOOLS.

The proposition to establish and maintain a consolidated High School at Millersburg for the school districts of Millersburg, Purdy and McIlvaine is meeting with strong opposition in many quarters. It is proposed, under the law, to levy a tax of twenty cents on each \$100 worth of assessed property for State and county taxes to build, equip and maintain a graded High School. The election will take place on Saturday, May 31, the one voting booth being located in Millersburg.

DIZZINESS IS ANNOYING

As Many Paris People Know Too Well.

When the kidneys are weak or disordered, they fall behind in filtering the blood of poisons. As these poisons attack the nerves, the result is felt in spells of vertigo, just as drunkenness will make a man dizzy from the poisoning of alcohol. Dizziness, headache, backache and irregularity of the kidney secretions are all signs of weak or disordered kidneys and should not be neglected. Use Doan's Kidney Pills, the home-endorsed kidney remedy. Read this Paris resident's statement:

Mrs. J. W. Markland, 326 Eighth street, says: "Some few years ago I suffered severely with kidney complaint and sometimes was in a serious condition. I had a constant dull ache across the small of my back and I was terribly dizzy at times. I have used Doan's Kidney Pills for this trouble and they have helped me more than anything else, always relieving me of the complaints."

RESOLUTION

No. 2

Declaring the improvement of High Street from the City Hall to Fourteenth Street, Main Street from Fourteenth to Twentieth Street by the construction of the roadway thereof, and by the original construction of curbing and guttering on both sides thereof at the cost of the Abutting property owners, the Kentucky Traction & Terminal Co., and the City of Paris, Kentucky, and setting out in general terms the character and extent of the proposed improvement, to be payable on the Ten Year Payment Plan.

Be It Resolved by the Board of Council of the City of Paris, Kentucky, as follows:

Section 1. That High Street from the City Hall to Fourteenth Street, Main Street from Fourteenth to Twentieth Street, is hereby designated and proposed to be improved by the original construction of the roadway thereof with vitrified brick paving, asphalt paving, bitulithic, wood blocks, rock asphalt, concrete paving or other type of paved streets, and the construction of curb and gutter on both sides thereof, except where the same is already constructed, in conformity with the specifications for the proposed work, and such improvement of each of said streets, and portions thereof, is hereby declared to be a necessity. But the costs of curb and guttering shall be at the exclusive cost of the owner of the abutting property.

Section 2. The Kentucky Traction and Terminal Company shall pay its proportionate part of the cost of said improvement as provided by its franchise, or contract with the city, and a special tax shall be assessed upon the property, assets and franchise of said company for the payment of same.

Section 3. The cost of the improvement of the intersections of said street, including the necessary drains, and one-half of the width of said street abutting other streets or alleys which run into, but do not cross said street, and the cost of the improvement of that portion of said street which may abut upon property belonging to the city, and where the abutting owner is a public school, cemetery, County, State, or the United States, shall be borne by the City of Paris, Kentucky.

The abutting property owners on each side said street shall pay one-third of the total cost of said improvement and the cost of the improvement of that portion of said street which may abut upon property belonging to the city, and where the abutting owner is a public school, cemetery, County, State, or the United States, shall be borne by the City of Paris, Kentucky.

The city shall also pay for one-third of the total cost of the improvement after deducting therefrom the aforementioned portions of said cost.

The remaining two-thirds of the cost of said improvement shall be paid by the assessment of a special tax upon the property abutting on said improvement in the manner provided by law.

The materials to be used in such improvement of said street shall be determined by the Board of Council upon receipt of bids.

Section 4. A special tax shall be assessed upon the property abutting on either side of said improvements in the manner provided by law, and upon the property assets and franchises of the Kentucky Traction and Terminal Company in the manner provided by law, and all of said taxes may be paid on the ten year payment plan in the manner provided by law, except that the City's portion of the cost of said improvement shall be paid in cash upon the completion and acceptance of said improvements.

Section 4. This resolution shall be in force and effect when passed and published as required by law.

The annual opening of Graham Springs Hotel, near Harrodsburg, will take place next Thursday. A special musical program will be rendered, and a dance will be given. Mrs. Carl Crawford, of Paris, left yesterday for Harrodsburg, to remain during the season, in charge of the dining room.

Col. and Mrs. Charles Winn left Winchester, Friday, for San Francisco, where he is to be stationed in the regular army service. They were honor guests for a family dining at the home of Mr. and Mrs. Rufus Lisle, in Winchester. Mrs. James McClure, of Paris, Mrs. Kate Eginton and Mrs. Louise Whitehead, of New York, were among the guests for the delightful affair.

THE NEWS acknowledges receipt of the following announcement:

"1819-1919. The Trustees and Faculty of Centre College announce the Centennial Anniversary, and cordially invite your attendance June the seventh to the eleventh, nineteen hundred and nineteen, Danville, Kentucky."

Old Centre has hundreds of

graduates in this section, and on

"Centennial Day" it is safe to assume

that everyone of them now residing

here will be present to take part in

the exercises and to renew the

friendships of their school days.

Miss Mary Dan Harbison, soloist

at the Paris Presbyterian church, as-

sisted by her brother, Capt. Robert

Harbison, gave a recital in Mt. Ster-

ling, Friday evening, with Mr. Nel-

son Weedon as accompanist. They

were greeted by a large and apprecia-

tive audience, and were compelled

to respond to numerous encores.

The Mt. Sterling Sentinel-Demo-

crat says of the concert: "The con-

cert and musically given at the High

School Auditorium by Miss Mary Dan

Harbison, soprano, assisted by her

brother, Lieut. Robert Harbison,

tenor, and with Nelson Weedon, of

Ashland, as accompanist, drew a

large crowd of local music lovers who

were charmed by the beautiful rendi-

tions of the trio. These artists are

well-known and popular in Mt. Ster-

ling and the concert was complimenta-

ry by them, the entire proceeds

going to the Missionary Societies of

the Presbyterian church."

YE, VERILY! WE KNOW IT'S THE TRUTH!

Editor James M. Allen, in the Cynthiana Democrat, has the following to say regarding the trials and tribulations of the country editor, who is confronted with the problem of keeping the linotype going, supplying live copy for the paper when its columns are crowded with advertising. Jim's words find a responsive echo in the heart of every man who has spent very many years in the business:

"One of the hardest duties in the world is to fill the news columns of a local paper with interesting items when there is really no news to write. It is far more vexing and perplexing than a person who has never had any experience on newspapers can well imagine. The paper must come out on time and the reading matter has to be supplied from some source. When the brain of the editor becomes weary and his mind inactive, his faithful scissors dull, is it, do you imagine, any child's play for him to probe the gas bags of his imagination and bring forth a column or more of original 'wind' that will both edify, delight and instruct his readers? Verily, the life of a country editor is full of trials and perplexities and, like the wicked, he is doomed to not live out half his days."

Editorial cartoon showing a man with a long face and a small head, sitting in a chair, looking at a newspaper.

"Do You Enjoy Life?

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it.

SECRET IS OUT NOW! U. S. DEFINES "UNDERWEAR."

For weeks experts of the Internal Revenue Bureau have pondered definitions of underwear and other articles subject to the so-called luxury taxes which went into effect May 1, in preparation for the regulations governing administration of the tax. Arguments were made on one side and the other seeking to show that certain articles were not underwear, but something else. Finally the experts developed this definition of underwear:

"Any garment worn under the outer dress, such as undershirts, drawers, pants, bloomers, union suits, combination suits, tights, camisoles, corsets, corset covers, brashiers, chemises and vests."

The regulations add that "the list is by no means intended to be exhaustive, but merely to give a general notion of the wide variety of articles taxable."

The tax is ten per cent of the selling price in excess of five dollars per garment.

NOTES FROM THE LODGES

At the recent meeting of Rathbone Lodge, K. of P., the Second Rank was conferred on the following candidates: A. C. Rowland, R. A. Mitchell, Stanley Case, Henry Whalen, Wm. Duncan and James Crump.

A class of five Paris candidates will be initiated next Friday night into the Shriners' Degree at the Oleika Temple Ceremonial to be held in Lexington. The class is composed of Thos. A. McDonald, J. L. Denton, R. F. Clendenin, W. V. Shaw and H. B. Arnold. He was stated yesterday by a friend of "the class" that they had already had asbestos clothing and shoes made in anticipation of taking the "trip across the hot sands."

MR. FARMERS, ATTENTION

Your sows and pigs need Rapier's Pig Meal right now. Makes hogs out of pigs quickly. See (27-2t) W. C. DODSON.

OBSERVE ROOSTER WEEK

The week of June 2nd has been officially set apart as "Rooster Week." During that week the farmer and poultry man are urged to pen or kill all roosters. It is estimated that if every rooster in the State were kept away from the flocks, over a million dollars would be saved, which are annually lost in rotten eggs.

Investigations have proved that infertile eggs keep well, even in warm weather. Fertile eggs begin to incubate quite rapidly in warm weather and then spoil. As seventeen per cent of the eggs marketed in warm weather spoil, the loss runs into big money quite rapidly.

WORK TO BEGIN SOON ON TOBACCO HOUSES.

Excavation work for the foundations of the two new warehouses to be erected in this city by the Bourbon Tobacco Warehouse Co., and the New Independent Tobacco Warehouse Co., will begin soon, according to information heard here yesterday. The tobacco brokers of Paris have about 500,000 pounds of tobacco in their keeping which is being bulked in good keeping order and made ready for the hogheads.

GOT SOMETHING COMING?

Publishers of county newspapers can look back to the great struggle in defense of world freedom with pride. They were not found wanting when asked by the Government to bear a great share of the burden. Nothing in America is more American than the county papers. Yet the editors are not wearing one of those medals sent out by the Government to those who did meritorious work in furthering the Liberty Loans.

NOTED COLORED ORATOR TO BE BELIEVE NEGRO MURDERER HAS BEEN CAPTURED.

A message to THE NEWS yesterday from Prof. F. M. Wood, principal of the Western High School, in this city, stated that the noted colored orator, Col. Roscoe Conkling Simmons, would deliver an address to the students of the school at the commencement exercises, which will be held at the school on Tuesday night, June 10, at 8:30.

Col. Simmons has just returned from France, where he has been in the service for several months, serving with distinction and merit. He has gained the reputation of being one of the most brilliant orators of the colored race. It will be remembered that he spoke here on a similar occasion, and that his address was heard with great interest by a large number of white people. He has the distinction of being the only colored man in the United States to be invited to speak before the New York Business Men's Club, which he did, with the result of electrifying his auditors.

GRAND ENCAMPMENT I. O. O. F. ELECTS NEW OFFICERS.

C. L. Perkins, of Cynthiaville, was elected Grand Patriarch of the Grand Encampment of the Kentucky Odd Fellows in Providence. The other officers elected were as follows:

Curt Gelbke, of Newport, Grand High Priest; Roy Forman, Lexington, Grand Senior Warden; R. N. Nance, Providence, Grand Junior Warden; R. G. Elliott, Lexington, Grand Scribe; B. J. Durham, Danville, Grand Treasurer; M. M. Logan, Louisville, Grand Representative of the Kentucky Encampment to the Sovereign Grand Lodge of the World, which will be held this year in Baltimore, in celebration of the 100th anniversary of the order on the American continent.

Grand Patriarch J. P. McCord, of Paris, presided at the session in Providence, and R. G. Elliott was in his usual position. In addition to the routine work of the order plans were laid for active work during the forthcoming year.

R. G. Elliott has been Grand Scribe of the Grand Encampment for 25 years and the Grand Encampment presented to him a Past Grand Patriarch's jewel in recognition of his faithful services. He has also been Grand Secretary of the Grand Lodge for 25 years.

FAMOUS AMUSEMENT ENTERPRISE IN PARIS JUNE 3.

Gentry Brothers' Trained Animal Circus will exhibit in Paris on Tuesday, June 3. Two performances will be presented afternoon and night. The children's favorite exhibition has been enlarged and improved for this year's tour until it eclipses all former efforts of the popular Gentry Bros. Shows. A complete wild animal circus in addition to the program presented by the domestic pets, combined with the pick of the profession of human performers, makes the popular Gentry Show more interesting than ever. The all new street parade, with its several bands and calliope music will be given on exhibition day on the principal streets and the little folks should be on hand to see the animals in their parade dress.

STUDENTS GO VISITING

Over fifty of the boys in the classes in agriculture at Berea, Ky., visited the College of Agriculture and the Experiment Station farm last week. It was a day spending affair of the old Southern type so the students might have ample time to see the feeding cattle, the dairy stock, the poultry and the other interesting work being done, besides taking dinner at the cafeteria in the basement of the Experiment Station.

COL. SPEAKES MAKES RECORD LAND SALE IN NICHOLAS.

The farm of the late James F. Miller, in Nicholas, was sold Friday at public auction, under a decree of the Nicholas Circuit Court, by U. M. Swiford, Master Commissioner. The farm consists of 151 acres and 30 poles, and is situated on the Mayfield and Lexington turnpike, near Miller Station. It was the former home of the late Col. Leonidas Metcalfe, one of the pioneers of Nicholas county. The sale was conducted by Col. George D. Speakes, of Paris, who established a record for land sales in that county by getting \$321 per acre or a total of \$48,531.28. The land was purchased by Mr. Arris Wiggins, of Carlisle.

WOMAN IN ACCIDENT.

While Mrs. Edward Allen, of near North Middletown, was on her way on his way home from a shopping expedition in Paris, two boys who were running a race on horseback ran into her buggy, breaking it down and throwing her out. She was not seriously injured, and was removed to her home, where she was given medical attention. The boys disappeared after the accident, and their identity was not learned.

MEMORIAL DAY.

Next Friday, May 30, will be Memorial Day all through the country. While the day was intended primarily to be observed as a memorial day for the soldiers of the Union army it has for a long time been an occasion when the blue and the grey mingle in paying their respects to the memory of their dead. The custom has fallen into disuse in this city, and there has been no public observance for many years. Now that the war is over wouldn't it be a good time to properly observe "Memorial Day," in the spirit in which it was intended?

GENTRY BROS. FAMOUS CIRCUS HERE JUNE 3.

People who love horses, ponies and dogs, (and there are few of us who do not) may be interested in the news that this year Gentry Brothers are carrying with their famous shows a veterinarian, a highly specialized surgeon and practitioner, who explains to visitors interested in animals how Gentry Brothers carry over 200 ponies on the road and never have any ill for any length of time. This is true of the Gentry horses and dogs, also to say nothing of the wild animals in the interesting menagerie of the circus.

The veterinary surgeon invites stockmen to visit him at the circus grounds in Paris on Tuesday, June 3, when Gentry Brothers' Famous Shows come to town.

ADVOCATING CELEBRATION FOR THE GLORIOUS FOURTH.

It is said that a large number of Paris merchants are advocating the holding of a patriotic celebration in this city on the "Glorious Fourth of July" as a testimonial to the returned soldiers and sailors from Bourbon county. It is probable that the matter will assume a definite shape in a few days. It is universally conceded that the patriotic celebration of the Nation's great day would be a very appropriate thing in honor of the boys who have returned from service overseas and in the country's camps.

Let's all take hold of it and push the matter to a successful conclusion. We have any number of hustlers here who are peculiarly adapted to that kind of enterprise, and, as Paris hasn't had a patriotic celebration of any kind in a long while, it is earnestly hoped that we may wake up and make this one a hummer. Let's do it, and do it right.

BOURBON DRAFT BOARD TO RECEIVE THEIR DISCHARGE

Messrs. Chas. A. McMillan, Chairman, and Pearce Paton and Dr. Silas Evans, members of the Bourbon County Selective Draft Board, were notified yesterday by the Government authorities that they would receive their discharge from further duty as soon as the necessary papers could be forwarded and signed by Governor Black.

Judge McMillan succeeded former Sheriff W. F. Talbott as Chairman of the Draft Board, when the latter retired from office as Sheriff. He and Mr. Paton donated their services to the work free of charge. The Board has done excellent work, and was highly complimented by the authorities in charge of the selective draft boards. They worked early and late, and did everything in their power to keep the work of the draft service up to the highest standard. For their patriotic services they deserve well of their country.

LIFT OFF CORNS!

Doesn't hurt at all and costs only
a few cents

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, and then you lift corn off, with the fingers. Truly! No humbug!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius. (adv.)

KENTUCKY TAKES BIG JOB.

The Grand Lodge of Kentucky has started out to raise \$1,000,000 for the purpose of building a hospital, a boys' dormitory and auditorium in Louisville. The Grand Master has appointed what is called the Million-Dollar Committee and the drive has started. The chances are that Kentucky Masons will raise this amount. There are more than 50,000 Masons in Kentucky—not so many more than there are in Oklahoma. It will be interesting to watch how Kentucky progresses in this project and its success will be an inspiration to other grand jurisdictions.

IN THE SERVICE OF THEIR COUNTRY.

Private William V. Montague, who has just arrived from overseas, is a guest of his aunt, Mrs. P. H. Bramel, near Paris.

Private Dee Ramey, formerly a resident of the Escondida vicinity, has arrived at Boston, Mass., after a long service overseas. He will receive his honorable discharge at Camp Zachary Taylor, and will return to Paris to reside.

Private Chas. W. Harpe, of Paris, in a letter to his mother, Mrs. Cal Harpe, states he expects to sail for America some time this month. He has been in France for several months, where he made a very commendable record on the battlefield. Private Harpe told his mother that "glory is all right, but a glimpse of good old America would be much better."

Lieut. Finnell Galloway, after a long service overseas, has returned to Paris, where he will spend a fifteen days furlough with his parents, Mr. and Mrs. Grant Galloway, on the Ford's Mill pike, near Paris. At the expiration of his furlough Lieut. Galloway will return to Camp Zachary Taylor, where he will be mustered out of the service. Lieut. Galloway received a warm welcome from his old friends and business associates.

Miss Clennie Lusby, formerly of Paris, who has been stationed at U. S. General Hospital No. 7, at Roland Park, near Baltimore, has been transferred to U. S. General Hospital No. 2, near Baltimore. These institutions are maintained by the U. S. Government for "reconstructing" soldiers who were blinded in battle, and who are being taught useful occupations to fit themselves for the future. This is one of the greatest works the Government has undertaken for the salvation of the men who served at the front and who lost their sight in the stress of battle.

Mechanic Earl R. King, formerly of Paris, writes the NEWS the following letter from the Embarkation Camp at Bordeaux, France, where he has been stationed some time. He gave his new address, but as that is almost as long as the letter, we refrain from taking up needed space. It would take six line-type lines to print it:

Bordeaux Embarkation Camp,
Camp Hospital No. 5,
France.

THE BOURBON NEWS:

I have been receiving the paper quite regularly and am very thankful to you as well as the good mail service we have in this Base Section No. 2. I saw a piece in the paper about Owen Gibson, and as I am stationed here for some time, would appreciate it very much if you would send me his address, so I can get in touch with him.

We have had sailing orders twice, always they have either not been signed or dated and finally they found a good permanent "position" for twenty of our company in the delousing mill at Bordeaux Embarkation Camp, where we have been stationed since Feb. 4th. There is not very much work to do just now, but in the near future one half of a division is coming through here, and then we will have to be on our toes. We have only been running about 6,000 men a week, but have run as many as 3,300 through in a single day.

People keep crying about not getting the boys home. This is not the fault of the army by any means, because there are 12,000 men in this camp now, ready for embarkation, including several organizations of engineers.

We have a large theatre here of a single floor, under the supervision of the Y. M. C. A., with a seating capacity of 6,000 men. We get all the amateur army plays in the A. E. F., such as "Let's Go," "A Buck On Leave," and all such plays, which you have doubtless heard more of than I have. The Y. M. C. A.'s are going to begin running wet canteens instead of the dry ones in the future, the Q. M. having taken over all the dry canteens. It is raining here as usual, and I have gotten so much in the habit of wearing my rain coat, will soon be sleeping in it.

until the mill is closed and consequently have things a little bit more comfortable than the boys in the army, who are on their way home. We eat hospital rations, sleep in tents and have mattresses and steel spring cots, such as the camps in the U. S. are equipped with. But for that much we have not had any fire for some time and all my blankets are saturated with water.

You may think there is a great deal of sickness over here in this damp climate, but about as bad as one ever gets is a slight cold that never gets any worse or any better.

We have quite a mathematical job, that of separating the boys from their pets (cooties) and we have acquired quite a collection.

There is not very much news now, especially among the "pill rollers" (medical corps) because we rarely ever go farther than the first wise joint, which is just past the camp limits, and having a Special Duty Pass in my possession, can pass in or out past the guard at any hour, day or night.

I guess the boys will soon be coming home from every direction, because from the number that are passing through here there must be a few Bourbon boys among some of the thousands.

I forgot to say that Horace Layton, from Newtown, a well-known person among the dancing circles, is in the same tent with me, and whenever I get lonesome or blue, I just get up an argument with him.

Yours,
EARL R. KING.

Mr. Walter Thomas, of North Middletown, received the following letter from his nephew, Marion Thomas, who was a member of the Barrow Base Hospital Unit No. 40. Mr. Thomas is now doing hospital duty in France. The letter follows:

Camp Hospital No. 53,
Section No. 6,

Dear Uncle Walter:

Thought I would drop you a few words this morning while I am waiting for some work to do. How is everything with you by now? I guess most of the boys are back home by now and North Middletown seems the same.

Well, I got away from England after all. But I didn't have such a bad time there. I really had a very good time. Most of the people around where we were treated us topping. And you also know there were plenty of girls there, too. And they seemed to like the American soldier right well.

Twenty-seven of us "Unit Forty" boys left Southampton on the good ship "Nirvana" at 8 p. m., on March 1. We arrived at Le Havre, France, about 11:00 a. m. Sunday, (next day.) Then we left Le Havre about 1:30 Sunday afternoon and reached Paris at nine o'clock Sunday night. There they gave us all passes reading from nine o'clock Sunday night till 1:30 Monday afternoon. So we got a chance to see a little of Paris.

We left Paris at 2:30 Monday afternoon and arrived here at Marseilles at 11:00 o'clock Tuesday morning. We rested till next morning. Then they called us up and gave us our jobs. They gave me guard duty. I remained on guard till last Wednesday, when they called me up and put me to work in the sick and wounded office. So this is what I am doing now. However, I hope the time will soon come when I can leave off this work and start for home. I haven't any idea when that time will come, but I am hoping it will come real soon. They haven't but about three hundred patients here in this hospital. So I hope they may soon evacuate and start for home.

Well I hope the flu is better there by now. It must have been pretty bad over in the States. I haven't heard of it much here in France, but there was a lot of it in England. The typhoid fever is pretty bad here. But I hope to see it get better here soon. There is always something the matter everywhere you go, so if you think you are getting out of a disease one place, when you go to another place they have a different disease, I guess it is just as well to stay one place.

Has Leavitt Roberts come home yet? I haven't heard of him for so long he must be dead. I don't guess Joe Jones has gotten home, either, as he is also in a good branch of the service to stay a while.

Well I guess I had better close this little missive, but will write you another one soon. Tell everybody "Hello" for me. Tell grandfather I am writing to him to-day. Take care of yourself, and don't get married. I am,

Your nephew,
MARION C. THOMAS,

CAUSE OF HEADACHE

By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these tablets. They are easy to take and mild and gentle in effect.

THE FRIENDLY TOBACCO

Horse Sense About Tobacco

Good tobacco ought to be like a well-bred hoss—all th' kick taken out but all th' spirit left in.

You see, half the secret of makin' a good hoss is in the breedin' an' half in the breakin'. Selectin' tobacco that's grown right is only half of makin' Velvet. The agein' is the other half.

Thar's only one kind of agein' that gets th' right results — Nature's own. Nature's no clock watcher. She does a job right whether it takes two years or two thousand.

So when she gets through with the fine Kentucky Burley that we put away in wooden hogsheads for two years, it's just right.

It ain't been hurried none, or short-cut. It's a Nature-done job.

All kinds of things are packed in tobacco tins, but your good neighbor will tell you "Velvet is the real pipe tobacco." Prove it for yourself.

Here's the big work, little cost tractor — the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

Use it with an Oliver Plow—

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coulter and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our showroom.

KENTUCKY COMMUNITY CONFERENCES.

That Kentucky people are tremendously interested in civic community work is being forcefully demonstrated during the series of conferences now being held in every section of the State under the direction of the State Y. M. C. A.

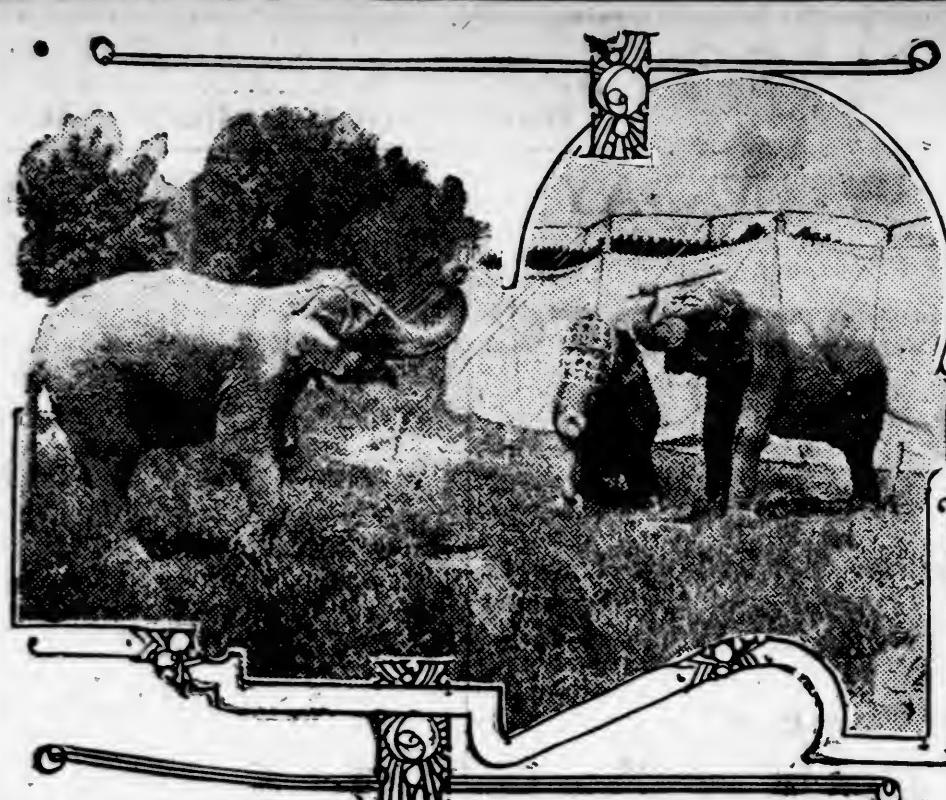

The purpose of these conferences is not so much to promote the distinctive work of the Y. M. C. A., as it is to bring about a cordial working union of all community agencies for civic betterment. The plan is a part of a nation-wide work of the National War Council of the Y. M. C. A. in its efforts on behalf of the returned soldier, sailor and marine.

Fifty-eight such conferences have been held within recent weeks, forty-three for white people and fifteen for colored. The total attendance has been more than 42,000. The conferences will continue until the middle of June.

At Mount Vernon, in Rockcastle county, with a population of 1,200, there was a total attendance of 950. The pastor at Shelbyville agreed to take turns in attending all high dances in their county. Several counties have had fine demonstrations, the soldiers parading around the court house square. Benton had a basket dinner for all soldiers and delegates in the court house yard and 250 were present each day of the conference. At Manchester delegates came riding horses and mules, many as far as 15 and 20 miles. Morgantown's stores closed and the streets were decorated. One soldier rode 12 hours to get to the soldiers' dinner. The court house would not hold the crowd. In one district the selling of moonshine has been cut to the minimum as the result of a conference.

At Harlan a movement was started for a new court house. At a colored conference at Danville four soldiers drove twelve miles, and one evening of the conference was given over to a program by returned colored soldiers from overseas and home training camps. Taylorville citizens have already bought a lot for a community play ground.

Among the plans adopted by various conferences were the following:

Took Medicine As Victim Grabs At Straw, Crowell Says—Rewarded In Trutona

PADUCAH, KY., May 26.—"Just as a drowning man grabs at every straw, so have I been trying every new medicine I heard of in an effort to get relief from long standing troubles; and the search has not been in vain, for I have found simply marvelous relief through Trutona," J. S. Crowell, prominent Paducah business man, residing at 312 Jackson street, who, for the past twelve years has been connected with the Gardner Furniture Co., Paducah's largest furniture dealers.

"I'd had liver trouble for a long time," he continued, "and last March I suffered an infection that left me in terrible condition. I had a bad cough, constipation bothered me almost constantly and I usually felt tired and worn out. I frequently became dizzy.

"Trutona has made me feel like a man made all over again, however. My bowels act with clock-like regularity now, the dizzy spells have ceased to occur and the terrible cough is 100 per cent. improved. Trutona has restored my old time 'pep.' I walked twenty-two blocks last evening and didn't feel a bit tired afterwards. Before it fatigued me to walk to the store. I can't say too much in favor of Trutona. It helped me where other medicines had failed."

Trutona is now being introduced and explained in Paris at Varden & Sons' (adv)

ABOUT RHEUMATISM

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment.

(may-adv)

ALCOHOLIC MILLENNIUM

(Life) Prohibition may be all very well, but there is a simpler and more effective way.

Increase the price of drink until none but the rich can afford it. This will deprive the poor man of his booze.

Unjust discrimination? Not at all. Drink, we are told, is the cause of all poverty. Therefore take away the poor man's drink and he will be poor no longer. He will become rich. When he is rich he can afford to start drinking.

On the other hand, the rich man can drink all he wants to. But drink will ruin him. He will become poor, and have to quit drinking.

So it is fair to all. The poor grow rich, drink, are made poor; stop drinking one more, become rich once more; drink once more and grow poor once more—you see how it goes.

No officers are needed to enforce the laws, and the profits of the liquor traffic will pay all our taxes.

What chance has prohibition against this plan if properly presented?

SOLDIERS URGED TO CONTINUE GOVERNMENT INSURANCE

The Government is now conducting an active campaign to urge and influence the men who have been in the service to continue their Government insurance and for this purpose have stationed men in all the larger cities to give information and advice to the men. Ensign McNeff, U. S. N. R. F., is representing the War Risk Insurance Bureau in Kentucky, with headquarters at the Navy Recruiting Station, Louisville, Ky.

The Government is doing a wonderful work in offering this insurance to its fighting men and it is from no selfish motives. It is offering it to the men in part payment for their services which were rendered during the war and the men should realize that it is a valuable right and privilege which once thrown away can never be regained.

During the war the men were given what is called Term Insurance, which they may carry for a period of five years after peace is declared with the privilege of converting within that time, into six standard forms of policies, viz: Ordinary Life, 20 Year Payment Life, 30 Year Payment Life, 20 Year Endowment, 30 Year Endowment and Endowment maturing at ages of 62. The rates on these new policies are the cheapest that have ever been offered, for the reason that there is no expense attached to it, all expenses being paid out of a separate fund and in addition to being low, the Government will pay dividends, which no doubt will be substantial, for the same reason. All of the clauses of these policies are the most liberal that can be made and for which no extra charge is made. One feature in particular is the disability clause, which protects the men for the entire life of the policy, which in the case of an Ordinary Life or 20 or 30 year payment life, would be for the whole of life. The disability may occur at any age and if permanent the Government will waive premiums and pay the policy holder \$5.75 for each thousand of insurance carried.

The Government during the war had on its books some 4,500,000 men with a policy value of \$38,000,000, averaging \$8,000 for each man. It is the hope that most of these men will retain and it is a patriotic duty for all to see that our former fighting men continue this insurance.

WINCHESTER MAY BUILD WATER MAINS TO RIVER.

Unless a satisfactory agreement is reached on a contract with the Winchester Waterworks Company before the next meeting of the City Council, June 6, a stock company will be formed and the city, with bonds previously voted, will lay water mains to the Kentucky River, members of the council said at the regular meeting Friday night.

The joint committee from the Council and the Commercial Club, which was appointed to confer with the company regarding the proposed contract to furnish water to the city, reported that it could not recommend the acceptance of the contract offered by the company, but that negotiations still under way might result satisfactorily.

FORTY YEARS A DRUGGIST

He Endorses PERUNA

Read this from Mr. L. A. Richardson of Marine, Illinois:

"I have been engaged in the retail drug business here for the past forty years. During this time I have seen many patent medicines come into use, flourish for one or two years and then gradually disappear. There are very few of these remedies that possess enough real merit to insure them long continuance. There has always been something with us with a marked increase from year to year. The change in the formula some years ago, by the addition of the slightly laxative properties, has made it a reliable remedy for constipation and for colds. If taken hourly in tablespoonful doses by adults it will break up the worst cold in two or three days' time. I take pleasure in urging my brother druggists to recommend it for these two ailments."

DEATHS.**ERRINGER.**

A letter from Mr. Frank R. Erringer, formerly of Paris, to a member of THE NEWS staff, told of the death in Winnetka, a suburb of Chicago, of Mrs. May Erringer, wife of his brother, Mr. Clarence Erringer.

Mrs. Erringer had been visiting her sister at Winnetka, and was taken ill with pneumonia, her death resulting in less than three days. Mrs. Erringer frequently visited here, and was very highly esteemed for her qualities of heart and mind by those who knew her. Besides her husband, who is now a resident of Minneapolis, Minn., she is survived by two sons, Theodore Erringer, Jr., and Orville Erringer, residing in Minneapolis, Minn.

The sympathy of Mr. Erringer's many old friends and schoolmates goes out to him in his sad bereavement.

MARTIN.

Mr. James H. Martin, aged eighty-three, a retired farmer of this county, died at his home on the Redman pike near Paris, Saturday night, about seven o'clock, of the infirmities of age. Mr. Martin was a native of Harrison county, but for the past twenty years had lived in Bourbon county, where he had been engaged in farming.

Mr. Martin is survived by his widow; two sons, Wyatt and Arthur Martin, and one daughter, Mrs. Wm. Fuller, all of Cynthiana; two grandchildren, James Martin, of Lexington, and Frank Martin, now with the American Army of Occupation, at

Goblenz, Germany; three sisters, Mrs. James Craigmyle, Mrs. John Martin, and Mrs. Michael Rankin, all of Harrison county.

The funeral was held at his late residence, on the Redman pike at ten o'clock yesterday morning, with services conducted by Rev. S. H. Burgess. The burial followed in Battle Grove Cemetery, at Cynthiana. The pall-bearers were Leslie Wheeler, Charlie Martin, Sol Redmon, Ben Taylor, Clarence Martin and Frazier Curle.

FOWLER.

—Mr. Aaron J. Fowler, aged eighty-eight, died at the home of his daughter, Mrs. Oma Gorham, near Clintonville, from the infirmities of age. Besides his daughter, Mrs. Gorham, he is survived by two sons, Ben and Steve Fowler, of near Clintonville, and three grandchildren. The funeral will be held at 2:30 o'clock this (Tuesday) afternoon, with services conducted at the grave in the Clintonville Cemetery, by Rev. P. S. Rhodes, assisted by Rev. Newton Shropshire.

The pall-bearers will be: George K. Jones, George W. Dawson, James Liter, A. L. Stephenson, J. M. McVey and Letcher Weathers.

RELIGIOUS.

—Rev. B. B. Bailey, of Maysville, will begin a series of revival meetings at the Paris Baptist church, in this city, on Monday night, June 2. Rev. R. C. Goldsmith, pastor of the church, who has been taking a vacation at Cumberland Falls, will return on Sunday, June 1, and will assist Rev. Mr. Bailey in conducting the meetings. A special feature will be the music, which will be furnished by a choir of picked voices.

—The Central Methodist, in a recent report of the Jackson District Conference, which was held at Hazard, May 13-15, had the following to say of Mr. Dennis V. Snapp, of Paris:

"Our own 'Snapp' was with us, that model Christian young man, giving his talks as the instructor to his school, answering all questions

without excitement, and showing he believes in the statements he makes to others as equally binding on himself. While here he organized an Epworth League Chapter in the Hazard Methodist church."

A very mixed carload of live stock was recently shipped from Lexington to the West Indies. This shipment was bought by Dr. Shannon, who is the manager of one of the huge cane plantations on the island of Trinidad. The animals were bought through the Live Stock Exchange of the College of Agriculture. This carload was made up of grade Percheron broodmares, a Percheron stallion, some Hampshire swine, three Southdown sheep, a bunch of pedigree Belgian hares, a few bronze turkeys, a saddle mare and her three colts.

An inch of rain descending on an acre of land would fill more than 600 barrels of forty-five gallons each.
